(Signature of person to sign)		BY _____ (Signature of Contracting Officer)		

Continued from Page 1, Block 14

THE PURPOSE OF THIS AMENDMENT IS TO REPLACE CLAUSE L2.35.100 PROPOSAL FORMAT AND CONTENT (AEROSPACE ENERGY) (DESCJUN 2008) AND TO MAKE A CORRECTION TO SF30 FOR SP0600-07-R-0320-0001:

A. REPLACE CLAUSE L2.35.100 PROPOSAL FORMAT AND CONTENT (AEROSPACE ENERGY) (DESCJUN 2008) WITH THE FOLLOWING:

L2.35.100 PROPOSAL FORMAT AND CONTENT (AEROSPACE ENERGY) (DESCJUN 2008)

Proposals shall be submitted in two sections and clearly labeled **Proposal** and **Technical Proposal**.

(a) **PROPOSAL.** The following items shall comprise the proposal for this solicitation:

(1) In the Schedule, Section B, Supplies or Services the offeror may select which CLINs against which to submit an offer (unless otherwise specified in this solicitation). Price will not be evaluated for consideration for award of the Blanket Purchase Agreements (BPA). Therefore, the submission of a price proposal is not required. Prices will be evaluated for award of future individual Purchase Orders placed against the BPA as individual requirements are competed among all BPA holders.

(2) The Standard Form 30 must be completed, as well as the MANUFACTURING AND FILLING POINTS and TRANSPORT TRUCK AND/OR TRUCK AND TRAILER FREE TIME AND DETENTION RATES (AEROSPACE ENERGY) clauses, if included, and all certifications and representations contained in Section K of the solicitation.

(3) Additionally, exceptions (technical) taken to the terms and conditions of the solicitation and/or any of its formal attachments shall be identified. Each exception shall be specifically related to each paragraph and/or specific part of the solicitation to which the exception is taken. Provide rationale in support of the exception and fully explain the impact, if any, on the performance, price, and specific requirements of the solicitation. Failure to comply with the terms and conditions of the solicitation may result in the offeror being removed from consideration for award.

(b) **TECHNICAL PROPOSAL.**

(1) **NONCOST FACTOR 1: TECHNICAL CAPABILITY.** The offeror shall submit a written technical proposal. The complete technical proposal, exclusive of any résumés, drawings, or blueprints, shall not exceed 10 pages. The proposal will be evaluated strictly on technical merit and should describe and justify the offeror's technical approach to the requirements of the work to be performed and/or delivery of product under the contract. The technical proposal should be specific and provide concise, straightforward descriptions of the offeror's capability to perform the requirements of the contract. Proposals that are unrealistic in terms of the description of the offeror's technical capability may be considered indicative of a lack of understanding of the solicitation's requirements. Technical proposals shall include the following (any element you do not address shall be identified as "N/A"):

(i) A narrative describing **the offeror's per day production capabilities and distribution (fleet size) capabilities.**

The offeror shall describe how the specification and technical requirements will be met during contract performance.

(ii) Proposal shall include a detailed description of cylinders that offeror proposes to provide to meet various and unique customer requirements as outlined in the C900 clause.

(iii) A narrative on how the offeror intends to protect Government-owned equipment. Describe the method for securing cargo tank openings to prevent tampering and/or pilferage from the time the cargo tank is loaded until it is delivered to its destination.

(iv) For solicitations containing product CLINs, if the offeror is not the manufacturer of the product to be delivered under the contract, the offeror shall provide a detailed description of where the product(s) will be obtained. The offeror shall attach any written supply commitments that clearly indicate—

(A) The offeror's supplier is willing to provide the products and/or services required to be delivered/performed under any resultant contract for the duration of the delivery period shown in the Schedule; and

(B) Confirmation of the quantity and specification of the products to be delivered;

(v) Describe offeror's proposed quality sampling plan that will be implemented to assure individual shipments made under this solicitation meet the product quality requirements stated in the applicable specification.

(2) **NONCOST FACTOR 2: PAST PERFORMANCE.** The offeror shall submit information regarding its past performance on the form entitled CONTRACTOR PERFORMANCE DATA REPORT, as attached to the solicitation. All contracts and subcontracts (completed or in progress) for the last three years awarded by DESC as well as other (completed or in progress) Government agencies or the private sector that are related to the proposed contract shall be included on the form. Failure to submit a complete list may reflect adversely on the offeror. The number of relevant past performance efforts submitted in accordance with the attachment shall not exceed five for the prime offeror. The Government reserves the right to make telephone contact with offerors, proposed subcontractors and references in order to confirm and/or clarify the past performance information submitted. The Government has the option to consider information from these sources, and any others that may be available, that it deems necessary in order to make an accurate assessment of the offeror's past performance. In addition, the offeror should provide additional information on any significant problems encountered and corrective actions taken under contract(s) which would otherwise cause an unacceptable rating in this factor.

(DESC 52.215-9F98)

B. CORRECT THE TOTAL NUMBER OF PAGES SHOWN IN THE UPPER RIGHT CORNER OF SF30 FOR SP0600-07-R-0320-0001 TO 2.
