PACTS Offerors:

The Government is evaluating Phase I submittals in accordance with the terms of the PACTS solicitation. Currently, there is no estimated date for when notifications will be sent to Phase I Offerors. The Government realizes that an estimated notification date would be beneficial to PACTS Offerors, and will attempt to provide one as soon as it is available.

The Government will issue another update not later than September 20, 2008.

We appreciate the SDVOSB community, and their interest and participation in the PACTS program.

Regards,
