OVERSIGHT COUNCIL

THE JOINT STAFF
WASHINGTON, D.C. 20318-8000

JROCM 173-07
16 July 2007

MEMORANDUM FOR DISTRIBUTION

Subject: Net-Enabled Command Capability Increment One Capability
Development Document

1. The Joint Requirements Oversight Council (JROC) approves the Net-Enabled Command Capability (NECC) Increment **One Capability** Development Document and Extensions, and validates the enclosed key performance parameters and key system attributes. The JROC will maintain approval authority for all key performance parameter changes, delegates capability development document approval authority oversight for changes to key system attributes to the Joint Capabilities Board, and delegates capability development document approval authority for all other non-key performance parameter/non-key system attribute changes to USJFCOM via the Joint Combat Capability Developer organization as outlined in the capability development document. Capability developers will use the NECC Capability Development Document and Extensions as the initial statement of validated capability needs for all phases of development. This program is assigned the Joint Potential Designator of "JROC Interest."
2. USJFCOM, working in concert with the Services and appropriate agencies, will determine program funding requirements for POM 2010 and beyond.
3. Should the Defense Information Systems Agency encounter costs exceeding ten percent of the approved acquisition program baseline or 25 percent of the original program baseline (Program Acquisition Unit Cost/Acquisition Procurement Unit Cost), they shall return to the JROC prior to reprogramming or budgeting additional funding into the program.
4. The JROC recognizes the importance of the NECC program and requests USJFCOM return to the JROC to provide annual program updates.

E. P. GIAMBASTIANI
Admiral, US Navy
Vice Chairman
of the Joint Chiefs of Staff

Foreign Releaseability

This document is authorized for release (either hardcopy or electronically) to Australia, Canada, and Great Britain governments and their respective contractors and representatives working as mutual defense cooperative capability partners in support of NECC.

AUS, CAN, GBR government agencies and their defense support contractors may disseminate “For Official Use Only” information to their employees and subcontractors who have a need for the information. Removal of the “For Official Use Only” marking can only be accomplished by the USJFCOM J88. All “For Official Use Only” information shall be stored in locked receptacles such as file cabinets, desks, or bookcases. When such internal security control is not exercised, locked buildings or rooms will provide adequate after-hours protection. During working hours, the information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. Transmission of “For Official Use Only” information may only be accomplished on a government-to-government basis.

Further requests for this document should be submitted to:

**Joint Combat Capability Developer (J88)
U.S. Joint Forces Command
1562 Mitscher Avenue, Suite 200
Norfolk, Virginia 23551-2488**
