Contract Specialist (affiliate) Jason.zick@noaa.gov

(5) Description.
See Draft Request for Proposal, posted on FBO.gov on November 18, 2016. For access to the CLASS Technical Library, see the notice posted on FBO.gov on December 23, 2016.

(6) Place of Contract Performance.
See Draft Request for Proposal, posted on FBO.gov on November 18, 2016.

(7) Set-aside Status.
This acquisition will conducted using full and open competition. The offeror will be required to submit a Small Business Subcontracting Plan if required by FAR 52.219-9, which will be incorporated by reference into the solicitation. Additionally, the offeror shall calculate the percentage of total contract value (including the base period and all options) that will be subcontracted to small business concerns. In order to be eligible for award, the offeror shall propose to subcontract at least 30% of the total contract value to small business concerns. Offerors that are considered small business concerns under this solicitation are exempt from the subcontracting requirement.

(8) In accordance with FAR 10.002(d)(2), this requirement is for noncommercial services and will not be using FAR 12 Procedures.
